

Beer must be pure

to be good; must be brewed only from the best materials; must be scientifically filtered, thoroughly aged, bottled at the brewery and sterilized after bottling. It must always be shipped in the bottle, for beer shipped in bulk and bottled at supply depots is sure to absorb impurities.

The Famous A.B.C. Beers

are guaranteed absolutely pure
and free from all preservatives and chemicals

used in other brands of bottled beers, which are injurious to the health. They are never sold in bulk—are the only beers bottled exclusively at the brewery. Made from the finest Bohemian hops, they are aged for months, then filtered and piped direct from the brewery vaults into bottles by means of hermetically closed filling machines. This prevents the beer from coming in contact with the outside air, and insures absolute freedom from bacteria. It also preserves its natural effervescence and zest.

Six Points of A.B.C. Excellence

- 1—Purity. We absolutely guarantee the purity of all our beers.
- 2—Flavor. This is the distinctive, individual characteristic of any beverage, peculiar to it alone, and is the quality that has made A. B. C. Bohemian Beer famous.
- 3—Brilliance, clearness and polish, proving perfect brewing and fermentation.
- 4—Clean Taste. No disagreeable foreign or aftertaste, proving scrupulous cleanliness during brewing process.
- 5—Keeping Quality. The most trying test for bottled beer. A. B. C. Bohemian will keep and retain all of its qualities under varying conditions.
- 6—Solid, Creamy Foam, denoting body age and excellence of brewing materials.

FROM CUSTOMS TO PRISON.

The new prison wing in the course of erection close to the old penitentiary is fast approaching completion. The tar roofing is being put on and the interior cement work is being spread. The entire structure is up and the ninety cells have the doors and locks fitted on. The annex will accommodate 180 prisoners.

There is not to be a stick of wood in the building, so that a fire is almost out of the question. The building is constructed of brick, the floors are entirely of cement, the doors are of iron and steel and the interior is to be handsomely plastered.

As each of the three corridors faces mauka a good breeze will always course through the prison. There is a double roof and between the two layers a draft will always be maintained.

A stone-wall twenty feet in height is now being built around the new prison, the stones coming from the old custom house on Queen street which is being demolished. The wall about the old prison will also be elevated to a uniform height of twenty feet. An arch will be cut through the old wall so that passage can be had to and from the new prison.

In the new wing are to be confined the misdemeanor prisoners, or those whom the law commits to prison for a year or less.

THE HINDOO IDEA OF WIT.

An English lady reformer of uncertain age who came here to deliver a lecture told the audience that she would be happy to answer any question, upon which a fat baboo came to the front with "How old are you?" "Oh, no," she replied. "I don't mean questions of that sort; only ones connected with the subject of the lecture." "Are you 40?" continued the baboo, nowise abashed. "No, I won't answer such a question," was the reply. "Are you 50?" continued her tormentor. "Oh, no; I told you I won't answer such questions." "Are you 60?" "Oh, no, no, no; I'm not 60," the lady responded precipitately.

A shikari out partridge shooting was seen in fits of laughter, slapping his thighs in the ecstasy of his glee. On inquiring the cause of this hilarity he hurriedly said: "Hush, sahib! That coolie," indicating one of the beaters, "has just been bitten by a green snake, but he thinks it is only a thorn! Don't tell him, or he'll be frightened and stop beating."—Gen. Girard's Diary.

SEA LIONS ARE SMART FEEDERS.

Those who are constantly associated with animals at a zoo see many comical and interesting sights, and keepers of such places have many stories to relate.

The sea lions are very much "smarter" than their appearance suggests, and while they are always interesting, their method of feeding is one of the most amusing things in the gardens. The keeper brings to the edge of the pond a pail of fish, which average perhaps a foot in length, and flings each one as far out as he can, when the sea lions, with amazing rapidity, swim to get them. I think that I have never yet seen a fish strike the water, as a lion catches it before it has time, and swallows it head first.—St. Nicholas.

OLD MARKET HAS A BOOM

Japanese Fishermen Are Back of a Return Movement.

There is still life in the Public Market. In fact a demand for its stalls has developed to the degree of a boom. Though the owners of the two big opposition markets recently started may be well fixed for the current year, since their stalls at the beginning were all let and that at a premium, their lessees may have to do considering caps over both the paying of rentals and the procuring of supplies of fish. It appears that the Japanese fishermen who supply the fish to the dealers have a good deal to do with the resuscitation of the Territorial establishment. They held a meeting on Sunday and decided to sell their fish at the Public Market. Not only will they sell to lessees of stalls there, but they will have stalls of their own under the same roof.

The action of the fishermen was followed yesterday by a rush of applications for stalls. Chief Clerk C. M. White of the Public Works Department, as clerk of market, filed fifteen applications in the course of the day. He expects to have the market filled this week. Among the applicants are a number of the former lessees.

Meats, fruit and vegetables have been sold right along at the Public Market since the opposition places started. The only deficiency has been in fish and this commodity being now in full supply the Territorial concern may be considered as again well established at the old stand.

MEN, WAKE UP!

IS YOUR BACK WEAK?
HAVE YOU DRAGGING PAINS?
ARE YOU EASILY TIRED?
HAVE YOU VARICOCELE?

Have you lost the fire and strength of youth? Have you "come and go" pains in your back and shoulders? Are you growing old too soon?

If you have these symptoms or any other sign of breaking down of your nerves and vitality, you will find new life in Electricity as applied while you sleep.

Dr. McLaughlin's Electric Belt

Is made for you. It is the best way to use Electricity. It pours a gentle stream of life into the

weak parts continually for hours every night. It refreshes the nerves, expands the vital powers, enriches the circulation and makes you feel bright, active and vigorous in one night's use. You get stronger each day, and in a few weeks you are a new man, stronger and younger in the fire of youth. It is grand, this method of mine, and every man who has ever used it is praising it.

WORTH TEN TIMES WHAT HE PAID FOR IT.

Marshall, Cal., Dec. 26, 1903.

DR. McLAUGHLIN—Dear Sir: I have used your Belt for about two months, and must say that it has cured me entirely. I feel like a new man now and can do a hard day's work easily. There are no more pains in my back and arms, and that tired feeling has gone. I am sure that the Belt has been worth ten times more to me than I paid for it, and if you wish you may use my name, for I will be glad to recommend the Belt. Gratefully yours, ARNOLD F. BERRI.

Don't delay trying it. Your future happiness depends on your checking this drain upon your vitality, so stop it now and you can be sure of a long and vigorous life, full of the joys of a healthy vigor.

Don't drug. Drugs can't cure you, as you know, if you have tried them. My Belt cures because it increases your nerve power and vitality. Electricity renews the youthful strength; that cures. Send for my beautiful illustrated book, telling about my method. I send it, sealed, free. I have 50,000 cures. Write today. Send this ad.
